Adults/Adults = 2

Attention!

CFR Online tickets are NOMINAL and allow the persons named in the ticket to travel only by the train/trains for which the request was made.

It is recommended for the passengers to show the ticket on the train. In situations in which the respective person can not prove his identity on the train and/or the quality declared of: child, pupil, student (as required by law) or TrenPlus card holder, they will be considered as being without valid tickets and will be obliged to pay the increased tax rate in the train.

At this type of ticket, it is NOT allowed to interrupt the trip.

Changing travel data or the refund is possible only with compliance of the terms of use of CFR Online tickets (with 6 hours before the first departure - or 10 minutes in the case of trains between Henri Coandă airport and București Nord).

In special cases, passengers are asked to contact directly the CFR Calatori booking offices.

Passengers who have CFR Online tickets must inform and fully respect the laws in force on the trip by rail (including those of transport luggage) like any regular passenger.
